

— The Common Sense Reminders—

Throw areas are not safe for children to be in!!!

All groups should be walking round the throw fields. If you are in this area please keep an eye out for flying things.

Some things are pointy and may leave you with holes where there shouldn't be. Other flying things may hit heads causing people to forget their name and receive colouring books for Christmas for the rest of their life. **Be vigilant when officiating or helping in these areas!!!**

Crossing the Tracks

Please do not cross the track unless it is clear. Do not cross next to the timing gates or across the start positions. Please ensure children are not playing or standing on the track.

Event Areas

When little athletes are not competing or traveling in their age groups please keep them in the designated event zones and off the tracks and fields.

Mount Barker District Athletics thanks Cornerstone College for their support and the use of their wonderful fields that we compete and train on each week.
